

کیمیا شیمی سبز سهند  
تولید و سنتز مواد و افزودنی های شیمیایی

	pH	Color	Odor	Chemical structure	Ionic nature	Injection concentration (wt%)	Solubility	Solid particles	Active agent (%)
M-100	6.5-7	Milky white	Almost odorless	Silicone emulsion	Non-ionic	0.5-4	Completely soluble in water	---	7.5
M-300	6.5-7	Milky white	Almost odorless	Silicone emulsion	Non-ionic	0.2-3	Completely soluble in water	---	12
M-600	6.5-7	Milky white	Almost odorless	Silicone emulsion	Non-ionic	0.03-1.5	Completely soluble in water	---	20
M-Nano	6.5-7	Milky white	Almost odorless	Silicone emulsion	Non-ionic	0.03-1.2	Completely soluble in water	Nano silica	25
M-1100	6.5-7	Milky white	Almost odorless	Fatty acid based	Non-ionic	0.3-1	Completely soluble in water	---	25
M-1200	6.5-7	Milky white	Almost odorless	Fatty acid based	Non-ionic	0.1-1	Completely soluble in water	---	35
M-1300	6-7	Milky white	Almost odorless	Silicone emulsion	Non-ionic	0.03-0.8	Completely soluble in water	---	32
M-1400	6-7	Milky white	Almost odorless	Glycol based	Non-ionic	0.01-0.5	Completely soluble in water	---	35
M-1500	6-7	Milky white	Almost odorless	Silicone emulsion	Non-ionic	0.01-0.3	Completely soluble in water	---	35
M-1600	6-7	Milky white	Almost odorless	Silicone emulsion	Non-ionic	0.01-0.5	Completely soluble in water	---	40

**Storage :** Avoid contact with skin and eyes. Keep out of reach of children. Keep the container tightly closed. Keep from freezing. It is recommended to keep it in the temperature range of 10°C -30°C.

NFPA

**Not for human injection**
